Important Questions	Answers	Why This Matters:
What is the overall deductible?	In-Network: $500 Single / $1,000 Family Out-of-Network: $2,000 Single / $4,000 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. An embedded deductible combines individual and family deductibles in a family health insurance policy. The plan will begin to pay benefits as soon as one member of the family reaches the individual deductible limit.
Are there services covered before you meet your deductible?	Yes. Preventive care and primary care services are covered before you meet your deductible.	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cost-sharing and before you meet your deductible. See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/.
Are there other deductibles for specific services?	No.	You don't have to meet the deductible for specific services.
What is the out-of-pocket limit for this plan?	For network providers $3,000 Single / $6,000 Family; Out-of-network providers: $6,000 Single / $12,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. With respect to family plans, an individual is only subject to the individual out-of-pocket maximum amount. When two family members have each satisfied their individual out-of-pocket maximum amount, then the family out-of-pocket amount is met.
What is not included in the out-of-pocket limit?	Premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider?	Yes. See www.prominencehealthplan.com or call 1-800-433-3077 for a list of network providers.	This plan uses a provider network. You will pay less if you use a provider in the plan's network. You will pay the most if you use an out-of-network provider, and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware, your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist?	No	You can see the specialist you choose without a referral.

All **copayment** and **coinsurance** costs shown in this chart are after your **deductible** has been met, if a **deductible** applies.
