ARTICLE 4 – SUCCESSORSHIP

1. The Association agrees the District has fulfilled its duties under Article 4 of the previous agreement between the Parties to secure the agreement of TM to assume the

District's obligations of wages, hours, terms and conditions of employment prior to selling, merging, conveying or transferring its operations to TMFPD, and Association agrees that no further duty pursuant to former Article 4 shall survive the signing of this Agreement.

2. The District agrees not to sell, merge, or convey or cause to sell, merge or convey or otherwise transfer or cause to transfer its operations to a new employer without first securing the agreement of the successor to assume the District's obligations of wages, hours, terms and conditions of employment.

ARTICLE 5 – MANAGEMENT RIGHTS

It is understood and agreed between the parties that nothing contained in this Agreement shall be construed or interpreted to infringe upon any management rights of the District as set forth in NRS 288.

ARTICLE 6 – RIGHTS OF UNION

A. The District recognizes its statutory obligation to negotiate any departmental rule, policy, or procedure that is related to a mandatory subject of bargaining as enumerated under NRS 288.150. B. The District will not lock out any employees during the term of this agreement as a result of a labor dispute with the Union.

ARTICLE 8 – NON-DISCRIMINATION

A. The parties agree not to discriminate against any employee because of race, color, religion, sex, age, physical or visual handicap, national origin, or sexual orientation.

B. The District and the Union agree that membership, non-membership, or lawful activities on behalf of the Union shall not be used as the reason or cause for transfer, denial of any promotion, or denial of other terms and conditions of employment. Nothing contained herein is intended to abrogate the District's right to manage and to consider the operational needs of the department as set out in Article 5, Management Rights. Nothing contained herein is intended to abrogate the Union's right to hold meetings and engage in lawful functions.

ARTICLE 9 – AMENDMENTS

It is agreed that no provision of this Agreement may be amended without the mutual agreement of the parties.

ARTICLE 10 – GENERAL SAVINGS CLAUSE

This Agreement is the entire agreement of the parties terminating all prior agreements. Should any provision of this Agreement be found to be in contravention of any Federal or State Law and County Charter by a court of competent jurisdiction, such particular provision shall be null and void, but all other provisions of this Agreement shall remain in full force and effect until otherwise cancelled or amended.

ARTICLE 11 – PREVAILING RIGHTS

Benefits, including present working conditions, previously existing will not be diminished by any provision or failure of any provision of this Agreement without mutual consent of the parties (for purposes of this Article, only the continuation or start of practices following July 1, 2006 will be considered as past practices). There will be no change in any matter covered by this Agreement without the mutual consent of the parties. There will be no change in any matter within the scope of representation without negotiations as required by NRS 288.

ARTICLE 12 – RULES, REGULATIONS, AND PROCEDURES MANUAL

A. It is mutually agreed by both parties that any "rule, regulation, or procedure" which significantly relates to a mandatory subject of bargaining, as contained in NRS 288, shall be negotiated. The provisions of Article 9, Amendments, shall govern any such rule, regulation, or procedure that is negotiated during the term of this Agreement.

1. Said rules, regulations, or procedures shall be signed by both parties. Any such rules, regulations, or procedures will be distributed as indicated at B4 below.

B. The District has the right to adopt rules, regulations, manuals, and procedures and issue directives that do not constitute a mandatory subject for bargaining under Paragraph A and do not violate an expressed provision of the Agreement. Unless the operational needs of the District dictate otherwise, the following provisions shall apply to those rules, regulations, manual, procedures and directives issued by the District under this paragraph:

1. No rule, regulation, manual, procedure, or directive, or amendment or cancellation thereof, shall become effective until notice thereof has been posted in each fire station and the District Office for a period of twelve (12) consecutive days. Electronic transmission is acceptable.

3. Said meetings shall be convened prior to the implementation of the rule, regulation, amendment, or cancellation and a written record of the meeting will be kept.
4. The District shall provide copies of the rules, regulations, and manuals to each fire station, the District Office, and two (2) copies to the Union. Electronic transmission is acceptable.

ARTICLE 13 – SALARIES

These pay rates shall be effective as of July 1, 2014 and are reflected in the salary schedule attached hereto as Appendix A and by reference incorporated herein. All posted documents shall be limited to hourly rates of compensation for all positions.

Employees who are certified as Hazardous Materials Technicians in accordance with CFR-29, SARA Title 3 and a member of the Triad HazMat team shall be paid an additional three percent (3%) assignment differential pay. The maximum number of employees eligible to receive this incentive shall be twenty-three (23).

D. Conversion of 56-Hour to 40-Hour Workweek:

1. In computing the salary increases for employees working either a 56-hour workweek schedule or a 40-hour workweek schedule, the salary increases are to be applied to the hourly rates for the 56-hour workweek schedule and then converted to the equivalent 40-hour workweek hourly rate by using a factor of 1.4.
2. The approximate annual salary for employees working a 56-hour workweek is based upon 2,912 hours per year. The actual cost to the District is based upon 2,920 hours per year (365 days per year times 24 hours divided by 3 shifts equals 2,920 hours).
3. The approximate annual salary for employees working a 40-hour workweek is based upon 2,080 hours per year.
4. All hourly rates are to be rounded to the nearest penny using normal round-off rules.

E. The District shall absorb 100% of any PERS increase during the duration of this agreement.

ARTICLE 14 – VACANCIES & PROMOTIONS

The District shall have the right to decide if any vacancy shall be filled or promotion made in accordance with Article 5 – Management Rights.

A. Vacancies and promotions shall be filled by the best qualified applicant available and subject to Paragraph C below. The District will promote from within so long as there is an adequate number of qualified candidates (i.e. 3 candidates for each vacancy). If an employee has been in the top 3 candidates and not selected for three (3) consecutive promotions, they shall be removed from the promotion list and provided in writing with the reasons why they were bypassed to afford them an opportunity to improve their competitiveness for selection. The District encourages all qualified existing employees to apply for the promotional positions of Firefighter/Paramedic, Fire Equipment Operator, and Captain.

B. If the District decides to fill a Firefighter/Paramedic, Fire Equipment Operator, or Captain vacancy, the following procedures shall apply:

1. Recruitment:

The job vacancy announcement shall be posted on the fire station bulletin board and distributed electronically to all Fire District personnel for a minimum period of thirty (30) calendar days for internal application acceptance purposes. The recruitment will initially be limited to existing employees, unless no qualified candidates exist.

2. Testing Requirements for Firefighter/Paramedic:

Any Paramedic qualified individual seeking promotion to Firefighter/Paramedic, shall be required to take and pass a written test before progressing to a practical EMS skills evaluation, and interview for the purposes of promotion to said position. Applicants shall receive final approval from the District Medical Director prior to appointment. A list shall be established from the names of those applicants taking the tests and shall be ranked in order of highest to lowest total scores. This list shall be valid for a minimum of fourteen (14) months unless extended for an additional twelve (12) months by the Fire Chief.

3. Testing Requirements for Fire Equipment Operator or Captain:

Any individual seeking promotion to Fire Equipment Operator or Captain shall be required to take and pass a written test before progressing to a practical test, and a structured oral interview. Raters for the structured oral interview shall be of equal or higher rank of the position being interviewed for, including the Fire Chief or his designee for the purposes of promotion to said position. Scores for each component of the exam shall be combined (i.e. written, practical, interview) into a total weighted score and an eligibility list shall be established from the names of those candidates. Candidates who pass the examination shall be ranked in order of highest to lowest total examination score. Based on the rules of certification (Section 5 below) the Fire Chief will make an appointment from the top three (3) candidates. In the event the Fire Chief chooses to interview one or more of the top three candidates and the selection is made which bypasses a candidate with a higher ranking, the Fire Chief shall advise the individual certified candidates of the job-related reasons for promotion and/or bypass. All evaluators for exams shall be from neighboring professional Fire Departments. In the event that a specific fire ground knowledge and/or skill is not required for a portion of the test or evaluation an outside evaluator may be acquired for only that portion of the exam. This list shall be valid for a minimum of fourteen (14) months and may be extended for an additional twelve (12)

months by the Fire Chief. If extended, Human Resources shall notify the Union of the extension.

4. Testing Requirements for the remaining positions found in Article 2:

Any qualified individual seeking promotion to any other recognized position may be required to take one or more of the following: written test, a practical test, and a structured oral interview. Raters for the structured oral interview shall be of equal or higher rank of the position being interviewed for and may include the Fire Chief or his designee. Scores for each component of the exam shall be combined (i.e. written, practical, interview) into a total weighted score and an eligibility list shall be established from the names of those candidates. Candidates who pass the examination shall be ranked in order of highest to lowest total examination score. Based on the rules of certification (Section 5 below) the Fire Chief will make an appointment from the top three (3) candidates. In the event the Fire Chief chooses to interview one or more of the top three candidates and the selection is made which bypasses a candidate with a higher ranking, the Fire Chief shall advise the individual certified candidates of the job-related reasons for promotion and/or bypass. This list shall be valid for a minimum of fourteen (14) months and may be extended for an additional twelve (12) months by the Fire Chief. If extended, Human Resources shall notify the Union of the extension.

5. Selection Criteria:

All Firefighter/Paramedic, Fire Equipment Operator, and Captain vacancies shall be filled from the established list. The Fire Chief will select from the top three (3) candidates on the list for each vacancy.

6. Eligibility for Promotional Exams:

Eligibility for entry in to promotional exams will be as follows:

(a) Captain – All qualified applicants with five (5) years of District seniority and who are on an active Fire Engine Operator promotional list or are a qualified “Acting Fire Equipment Operator,” or hold that position shall be eligible to test for the position of Captain and act in that capacity. External candidates shall demonstrate the equivalency of the foregoing.

i. Employees hired before June 30th 2014 with documented prior full time paid all risk experience outside the district will have that experience counted towards their district seniority solely as it relates to promotional and acting opportunities.

(b) Fire Equipment Operator – All qualified employees with three (3) years of seniority with the District shall be eligible to test for the position of Fire Equipment Operator and act in that capacity.

i. For the purposes of the fiscal year 2014-2015 Fire Equipment Operator promotional testing and acting, qualified employees must have two (2) years of seniority with the District.

ii. Employees hired before June 30th, 2014, with documented prior full time paid all risk experience outside the district, will have that experience counted towards their district seniority solely as it relates to promotional and acting opportunities.

7. Subject to prior recommendation of the Fire Chief and the approval of the District’s Human Resources department, anyone promoted and serving in an initial probationary status shall become eligible for confirmation into his respective classification upon completion of the twelve (12) month probation period.

8. If the employee is unable to be confirmed in to the new classification because he is unable to demonstrate the ability to perform his job or lacks the ability to progress, then he shall be returned to his previous job classification and rate of pay. There shall not be any gain in any benefits if this occurs, nor shall this result in layoffs of any position.

9. For the purpose of this article "employee" is representative of those non-supervisory, supervisory, and emergency support personnel covered under Article 2 of this CBA.

10. For those employees represented by this CBA that promote to management positions (i.e. Battalion Chief, Fire Chief) who are unable to be confirmed in to the new classification because he is unable to demonstrate the ability to perform his job or lacks the ability to progress, then he shall be returned to his former job classification and rate of pay. If another employee has filled this job classification, then that employee shall also be returned to his former job classification and rate of pay, and so on. There shall not be any gain in any benefits if this occurs, nor shall this result in layoffs of any position.

11. Fire suppression employees who occupy management positions and have successfully completed their probationary period, and are subsequently demoted for cause, may be placed in vacant CBA classifications for which they qualify and previously held, provided no other employee shall be demoted or laid off to create a vacancy to which the management employee can demote. Furthermore, the demoted person will not retain any prior class seniority.

12. If a management level employee elects to voluntarily demote to a position represented by Local 3895, the circumstances in establishing rank and seniority shall be the same for personnel demoted for disciplinary purposes.

C. Employees eligible for promotional examinations shall be given appropriate time off to take the examination and return to duty. Such time off shall not result in any loss of pay.

D. The District agrees to consider any suggestions made by the Union regarding subject matter for promotional exams.

E. Any employee who is promoted shall be guaranteed no loss of base pay.

F. Any employee who believes he has been wronged in the promotional process by the District in an arbitrary, capricious, or discriminatory manner and/or believes the District did not act in accordance with Article 14 procedures may, within ten (10) workdays, utilize the grievance procedure outlined in Article 48 starting at Step 1. If agreeable to both parties, expedited arbitration, if needed, may be used for grievances filed regarding this paragraph.

G. A promotion made hereunder is not final until any resulting grievances have been resolved.

ARTICLE 15 – TREATMENT OF FORMER MEMBERS OF I.A.F.F. LOCAL #731

The parties agree this provision is included due to the unique circumstances of employment by the District of Rob Edgington and Ross Rytting.

In sum, pursuant to an Interlocal Agreement between the City of Reno and the District first entered into in 2000, which was later amended in 2004, these two employees left the employ of the District and their then-union, I.A.F.F. Local #2487, and became employees of the City of Reno and members of I.A.F.F. Local #731.

Upon termination of the Interlocal Agreement by the City of Reno and the District, and pursuant to obligations described in the Interlocal Agreement, the District reinstated these two employees in 2012 subject to certain conditions which resulted in these two employees receiving certain pay and benefits which were different than those negotiated by Local #3895 and the District in the 2012-2014 collective bargaining agreement.

The Parties agree these two employees received different pay and benefits because of the unique circumstances of their reinstatement to the District and because they were reinstated following the ratification of the 2012-2014 collective bargaining agreement.

In consideration of the unique circumstances of the reinstatement of these two employees, the Union has negotiated the instant Article with the District and agrees that these two employees shall receive the same pay and benefits described in this Agreement, and be subject to all other provisions of this Agreement, with the following exception:

1. Salary:
 - a. \$27.67 hourly rate for 56-hour work schedule plus any COLA negotiated by Local #3895 as described within this Agreement.
 - b. \$38.74 hourly rate for 40-hour work schedule plus any COLA negotiated by Local #3895 as described within this Agreement.

ARTICLE 16 – MINIMUM CONSTANT SAFETY STAFFING

The intent of this article is to address the mutual concerns of the parties pertaining to employee safety with regard to staffing. The District and the Union recognize the extreme hazards of the firefighting profession and therefore agree that the minimum number of full-time professional firefighting personnel on paid firefighting apparatus shall comply with the safety staffing levels listed below. The Union and the District acknowledge that four person career engine staffing is a preferred configuration, however, current economic challenges and revenue shortfalls do not allow for staffing levels consistent with that preference. The District agrees that once future stable and adequate revenue permits, it will make good faith efforts to apply that preference in appropriate stations in the discretion of management.

For the purpose of this article, “career” is representative of those non-supervisory, supervisory, and emergency support personnel covered under Article 2 of this agreement.

A. Staffing for all stations where fire engines are in service shall be comprised of a minimum of three (3) personnel: one (1) Captain; one (1) Fire Equipment Operator; and one (1) Firefighter/Paramedic or one (1) Firefighter. In stations without in-service fire engines, the District may staff the stations with a minimum of two (2) personnel: one Captain; and one (1) Firefighter/Paramedic, or one (1) Firefighter.

B. Shift manning is mandatory. For purposes of this article only full-time, qualified, career District employees represented by this CBA will be used to meet staffing levels listed above. Staffing levels for any additional station(s) or apparatus that may be placed in service shall be subject to negotiations and be placed in the Article.

C. It will be the responsibility of each engine company Captain to assign staffing to individual apparatus for emergency incidents. At no time will an engine be operated at the scene of an emergency with less than three (3) personnel. However, the engine crew may be split to transport the engine and additional apparatus to the scene of an emergency at the discretion of the station Captain. The engine will not be considered "in-service" unless that additional apparatus and personnel remain together as an adjunct of the engine and its assignments.

D. The Fire Chief of the District, or his designee, shall determine the number and types of apparatus' in-service at any given time.

E. Only under emergency circumstances will the crew be divided for any reason. In the event that an engine company is reduced and is called upon to respond to an emergency incident, every effort will be made to return the crew to three (3) person staffing including immediate callback in accordance with Article 18, Overtime.

F. For the purpose of out of District assistance by hire assignments in excess of 24-hours in duration, four (4) career person staffing will be maintained on all engines. The career staffing must, at a minimum, be comprised of one (1) Captain, one (1) Operator, and two (2) Firefighter/Paramedics OR Firefighters OR a combination of the two.

Definitions:

- 'Engine(s)' refers to Type I, Type II, and Type III engines.
- Absences refer to employees on any type of leave including, but not limited to annual vacation, sick, comp, workers comp, military, union, administrative, or existing vacancies. Absences due to employees being assigned to billable incidents shall be back-filled and coverage provided by career members covered under this CBA.

The parties agree they have fulfilled the duty described in previous Agreements to collaborate in the development of a reserve firefighter program.

G. Employer shall staff each response ambulance paramedic rescue unit in accordance with state law. Ambulance/Medic Units: Staffing for any such vehicle shall include a minimum of (2) full time career personnel as outlined in article 2. Volunteers, part-time employees, reserve employees, and seasonal employees may not be used to satisfy

the minimum manning of any said unit. If the Unit is licensed ALS it shall be staff with at least (1) Firefighter Paramedic.

ARTICLE 17 – WORK HOURS

A. 56-Hour Personnel:

1. 48/96 Schedule:

(a) In accordance with the Agreement executed between the parties, the regular work day and work week for line employees shall consist of three (3) shifts “A”, “B”, and “C” with each shift alternating on a schedule of two (2) 24-hour (twenty-four) work days on duty, from 8:00am to 8:00am, followed by four (4) consecutive 24-hour (twenty-four) days off duty. On an annual average, a fifty-six (56) hour week, regardless of the actual number of hours worked or on paid leave during any biweekly pay period.

2. Upon mutual agreement between the Fire Chief and the Union, nothing herein shall prevent the establishment of a trial period for alternative schedules that the parties may adopt.

3. FLSA overtime shall be computed on a twenty-four (24) day cycle and shall be paid on the paycheck that the FLSA period ends. Employees may elect to accrue FLSA pay for compensatory time, at the rate of one and one-half (1.5) hours of compensatory time for every one (1) hour of owed FLSA pay. Since regular time for hours worked in excess of the FLSA threshold is already paid in base pay, FLSA pay is paid at half time for each hour owed. Therefore, for every two (2) hours of owed FLSA pay, employees may accrue one (1) hour of compensatory time.

4. During the normal work day schedule for line employees, the employee will be allotted one (1) hour for lunch and two (2) fifteen (15) minute breaks, during this time employees shall respond to all incidents. Outside of the normal work day hours, the Union and the District agree to make reasonable accommodations for training and other special needs while recognizing the necessity of rest periods.

B. 40-Hour Personnel:

1. The normal workweek of forty (40) hour employees shall be forty (40) hours per week consisting of five (5) consecutive eight (8) hour days and/or four (4) consecutive ten (10) hour days. The employee will be allotted one (1) unpaid meal period and two (2) paid fifteen (15) minute breaks. The week will begin 12:01am Monday and end 12:00 midnight Sunday. Any change in the number of hours in the work day or regular work week shall be subject to negotiation, although an eight (8) hour and/or ten (10) hour employee may be subject to working shift work as necessary, at the discretion of the Fire Chief.

ARTICLE 18 – OVERTIME

A. Overtime Provisions Applicable to All Fire Suppression Employees

1. Overtime shall be deemed as any time worked in excess of the normal work period or the normal work shift.

C. Employees agree to participate in a voluntary shift transfer to minimize overtime costs. The District will identify potential overtime situations that could be avoided by the voluntary temporary exchange of shifts during the FLSA period. For example, employees may agree to take a regularly scheduled day off, and in turn, work an alternate shift that FLSA period to minimize the potential for overtime.

ARTICLE 19 – CALLBACK COMPENSATION

Callback compensation shall be determined for this agreement (as per NRS 286.025 and the PERS Revised Official Policies; 286.025) as “callback pay is defined as compensation earned for returning to duty after a member (employee) has completed his regular shift, is off duty for any period of time, and is requested to return to duty with less than 12 hours’ notice.”

Employees shall be considered available for call to duty by making contact with the requesting officer. An employee called back to duty shall be at the scene of the incident within a reasonable period of time.

Employees on standby shall be entitled to compensation at the rate of 1/4 hour of pay at their regular rate of pay. Standby time under these criteria shall not be considered as

The District's obligation is only to afford the employee the ability to use their annual leave, which may not necessarily be the dates requested by the employee. *For example*, an employee on October 1st requests to use 48 hours annual leave for the 2 workdays preceding Christmas. The District may deny said time off, and still allow the employee to use their annual leave at a different time prior to the end of the year to avoid forfeiture of annual leave.

The District's obligation is only to afford the employee the ability to use their annual leave, which may not necessarily be the dates requested by the employee. *For example*, an employee on October 1st requests to use 40 hours annual leave for the 5 workdays preceding Christmas. The District may deny said time off, and still allow the employee to use their annual leave at a different time prior to the end of the year to avoid forfeiture of annual leave.

C. Workweek Conversion

1. If an employee is reassigned from a 56-hour workweek schedule to a 40-hour workweek schedule, any vacation leave balance shall be converted to an equivalent amount for a 40-hour workweek by dividing the number of vacation hours by a factor of 1.4.

For this purpose, sick leave shall not exceed 40 continuous working hours per death for a 40-hour employee and 48 continuous working hours per death for a 56-hour employee. Additional time using sick leave, vacation, and/or compensatory leave may be granted upon approval of the Fire Chief or his designee.

Holidays occurring during a sick leave period shall not be counted as sick leave time. Sick leave taken during a biweekly pay period shall be charged before sick leave earned that pay period is credited.

E. Payment On Separation

An employee separated from the service shall earn sick leave only through the last working day for which he/she is entitled to pay. Upon death, retirement, permanent disability, or termination of an employee for reasons other than discharge for just cause, after ten (10) years of full-time employment or its equivalent if the employee has not served as a full-time employee, an employee shall be compensated for total accrued sick

leave at the rate of one (1) hour's pay at his/her regular hourly rate for every three (3) hours of sick leave accrued to a maximum payment of one thousand one hundred and twenty (1,120) hours.

An employee who is eligible for purchase of service credits under the Nevada Public Employee's Retirement System (PERS), and who elects to convert unused sick leave ($\frac{1}{3}$ x sick leave, up to the cap maximum) and/or vacation into retirement service credit shall submit a written request, on a District approved form, sixty (60) days in advance of their anticipated retirement date. I. Personal leave must be used by the end of pay period #26, or in the event of a 27th payroll period by pay period #27, and if not used will be forfeited. Under no circumstances will there be any cash payment for Personal Leave credit that is not used. In order to receive this Personal Leave benefit, an employee must be in a pay status (either working or on paid leave) for all of the pay periods within a calendar year.

ARTICLE 35 – DEFERRED COMPENSATION

Employees are eligible to participate in the deferred compensation program that the employer has implemented and in which the employee participates.

Eligible vacation, compensatory time, and sick leave benefits shall be contributed to the Post Employment Health Plan (PEHP) for each employee at the employee's request upon retirement, in a manner consistent with the policy adopted by the Union for that year.

Employees are also eligible to participate in the deferred compensation program administered by the International Association of Fire Fighters (IAFF). The District shall not contribute any additional funds to this program, but shall only contribute those funds that the employee requests, in writing, to be deducted from his/her paycheck. This option shall be provided so long as there are no additional administrative requirements placed on the District to create a deferred compensation committee pursuant to Federal statutes.

ARTICLE 36 – JOB CONNECTED INJURIES

A. In the event an employee is absent due to a temporary total service-connected disability which has been approved by the District's Claims Administrator, and which disability is the result of the employee performing activities which are unique to firefighters, the employee shall receive compensation as determined by the District's Claims Administrator plus that amount from the District which would cause the total amount received by the employee from both the District's Claims Administrator and the District to equal his/her salary at the time of his/her disability until such time as there is a medical determination made as to whether the employee can be returned to duty or is

permanently disabled. During this period, the employee shall not be charged with the use of any accrued sick leave, annual leave, or other forms of leave. This provision shall not apply to a service-connected disability, which occurs while the employee is carrying out incidental duties to his/her firefighter duties.

B. Activities unique to firefighters include extinguishing fires, vehicle extinguishment/victim extraction, climbing ladders for firefighting/rescue purposes, pulling hose, ventilating roofs, entering confined spaces, climbing terrain in wildland fire incidents, handling hazardous materials, dealing with sick/injured patients and associated biohazards, and carrying of patients and/or victims, or training in the similar activities. Activities that are incidental to firefighter duties are those which can reasonably be expected to be performed by non-firefighters, such as writing reports, entering and exiting vehicles, walking and climbing stairs with the exception of those injuries incurred on incidents. The activities listed above are not all-inclusive. The initial determination whether a disability is the result of the employee performing activities which are unique to firefighters shall be made by the District, and any dispute shall be resolved through the grievance process.

C. It is the intent of the District to pay the on-the-job injured employee who meets the conditions set forth above the difference between his/her full bi-weekly base salary and that provided by the District's Claims Administrator. Therefore, the employee shall return to the District Treasurer all temporary total disability payments made by the District's Claims Administrator covering the period enumerated in Section A of this Article. No supplemental benefit provided for in Section A shall be given until after the employee has deposited his/her lost time benefit check with the Treasurer.

D. In the event an employee is absent due to a service-connected disability which has been approved by the District's Claims Administrator, and which disability is the result of the employee carrying out incidental duties to his/her firefighter duties, the employee may elect to utilize accrued sick leave during which period the employee shall receive compensation from the District as provided in the Nevada Revised Statutes. When accrued sick leave has expired, if the employee is still, because of disability, unable to work he/she will be permitted to use his/her accrued vacation leave as sick leave. Subsequent to the expiration of both the employee's sick and vacation leave, provided the employee has so elected to use his/her sick and vacation leave, the employee shall be entitled to use any donations of vacation or compensatory leave from other employees. After exhausting all available leave, the employee shall receive compensation checks directly from the District's Claims Administrator and he/she shall be considered on a leave of absence without pay from the District.

E. The District will endeavor to ensure that the third party administrator health care provider provides the best and most rapid care to an injured employee who meets the conditions set forth above.

F. If an employee is injured under the conditions set forth in this Article and the injury will cause the employee to be absent from work, the District will ensure that the third party administrator Health Care Provider assigns a caseworker. The caseworker will assist with expediting proper care and treatment to the employee. The employee shall

make every reasonable effort to maintain compliance with their respective treatment plans. Examples of compliance would be scheduling appointments and going to those appointments in a reasonable time frame and also complying with any agreed upon treatment plans such as physical therapy, medication usage, or physical limitations set forth by the physician. Should an employee not comply or fully cooperate, with the exception of reasons beyond their control, as stated above, he/she may be subject to the Progressive Discipline as listed in Article 47 (Discipline/Discharge) of this CBA.

G. The Fire Chief and/or his designee will represent the District in interacting with the District's Claims Administrator and/or caseworker. The Fire Chief and/or his designee shall be responsible for ensuring that the Claims Administrator and/or caseworker is acting in a timely manner to expedite any and all services needed by the employee to accelerate the treatment and recovery process.

H. The District will make the final determination whether or not light duty is offered to employees based on the financial impact and bonafide need. The Fire Chief and/or his designee and the Union will meet by mutual agreement, for the purpose of consulting on light duty policies for firefighters injured on or off duty.

I. Should an employee be rated by the Worker's Compensation carrier with a permanent partial disability or a permanent total disability that leaves the employee unable to perform all of the essential functions of his/her current position, the employee shall immediately file all necessary paperwork to initiate the retirement process. The employee, employer, and Union shall work to expedite the retirement process.

ARTICLE 37 – JOINT LABOR-MANAGEMENT SAFETY COMMITTEE

In order to address the mutual concerns of the parties on safety matters, the Union and District agree to form a Joint Labor-Management Safety Committee. The Committee is an important link in the TMFPD Occupational Safety and Health Program. It provides a vital connection in the "top-down, bottom-up" approach to developing and maintaining a safe working environment. The Committee is hereby empowered and responsible for providing the following support:

1. Drafting new and revised safety policies and procedures.
2. Consider the concerns of and formally recommend corrective action toward personnel safety inquiries.
3. Evaluate the root cause of accidents or injuries, based upon completed reports and investigations, and propose formal conclusions and corrective actions.

A. Composition

The Union President shall appoint two (2) members and one alternate, having at least two (2) years' experience with the District. The Health and Safety Officer shall serve as chairperson to the committee.

B. Voting

The members should be considered the voting body. While consensus should be the primary goal of the Committee, decisions on the recommendations, or a tie, shall be submitted to the Fire Chief for final determination.

C. Meeting

The Committee shall meet at least quarterly, or as needed, to effectively conduct the business at hand. Agendas for each meeting shall be given to the Health and Safety Officer no later than one (1) week prior to the meeting.

D. Participation

Members and authorized participants for the Committee shall be considered as performing the normal work duties and responsibilities for their positions when on Committee business. Up to two members appointed by the Union shall be allowed time off, with no loss of pay or any accrued leave, for all Safety Committee meetings when such members are scheduled to be on duty.

B. The District will promptly repair and/or replace such protective clothing damaged or destroyed as a result of wear and tear in the line of duty.

ARTICLE 40 – REPAIR/REPLACEMENT OF PERSONAL PROPERTY

A. The District shall reimburse the employee for the cost of repairing or replacing authorized personal property which is damaged or destroyed if such personal property is lost at fires or related emergencies in the performance of his duties. The reimbursement shall be made within thirty (30) days from approval of the claim. The list of authorized personal property shall include and be limited to eyeglasses, watches, contact lenses, and any other personal items approved by the Chief.

B. Reimbursement amounts shall be limited to two hundred dollars (\$200.00) per claim and two thousand dollars (\$2,000.00) in the aggregate within the contract year.

ARTICLE 41 – COMMUNICABLE DISEASE

A. In the event an employee covered under this Agreement or his/her supervisor suspects that, as a result of the course of duty, he/she has been exposed to or is the carrier of a serious communicable disease; the employee may be relieved of duty without the loss of any pay or sick leave and shall be taken immediately to a local emergency hospital for diagnosis and treatment. It shall be the responsibility of the supervisor to determine if or when the employee is permitted to leave duty for this purpose.

B. Employees shall be provided with preventive measures designed to protect the employee against communicable diseases. These measures shall include, but are not limited to, medical procedures such as vaccines for Hepatitis, Flu, etc., blood tests, and Bodily Substance Isolation (BSI) such as, gloves, masks, and other products, equipment, and procedures that are intended to detect, prevent, or impede communicable disease. Participation in any medical procedures, such as vaccination and testing, shall be at the discretion of the employee and the Employer shall not be held responsible for any consequences to the employee as a result of the employee having or not having received any vaccinations or tests or his/her refusal to use BSI. This does not waive the employee's rights under Workers' Compensation.

ARTICLE 42 – EDUCATION

A. The District shall pay all necessary costs for any schooling or training required by the District.

B. The District shall reimburse employees for 100% of the employees' cost for books and tuition for courses taken pursuant to a program leading to an Associate Degree in Fire Science and for Employment-related courses taken beyond the Associate Degree level.

1. In order to receive the benefit conferred by the section above, courses taken require the prior review of the Education Committee with final approval by the Fire Chief or his designee and satisfactory completion.

2. Satisfactory completion shall be interpreted to mean a minimum final grade of "C" or its equivalent.

C. In order to be eligible for educational reimbursement under this Article, an employee must be certified as a permanent employee. Eligible employees shall be considered on a first-come first-serve basis, except that: continuing students shall be given priority over beginning students.

D. Textbooks, if purchased by the District under part B of this Article for courses taken, shall become the property of the District and utilized by the District as a reference library available to the employees of the District.

E. The Fire Chief, his designee, or the Education Committee shall not withhold approval for educational reimbursements to eligible employees to the extent that funds budgeted pursuant to this Article in any fiscal year are unspent.

F. The District will provide additional compensation to all employees who maintain EMT-Intermediate or Paramedic certifications through the State of Nevada only as described herein. Personnel assigned to the rank of Firefighter/Paramedic will not qualify for additional compensation. Personnel who maintain EMT-Intermediate or Paramedic certifications outside of the rank of Firefighter/Paramedic shall be entitled to receive compensation for the highest of the two certifications, but not both. Qualified Paramedics outside of the rank of Firefighter/Paramedic shall be expected to perform ALS functions AS NEEDED and maintain apparatus ALS licensure. However, if assignments to be the sole ALS provider on an apparatus become a long-term assignment, the District shall compensate the employee in accordance to the differential of pay between a Firefighter and Firefighter/Paramedic. For example, if the District hires a Firefighter with Paramedic certification, but does not classify that employee as a Firefighter/Paramedic, the District must only use that Firefighter occasionally for ALS purposes. If that Firefighter is used to perform the same duties as a Firefighter/Paramedic for an extended duration, that Firefighter shall be compensated as stated above, or reclassified into the Firefighter/Paramedic classification. Any change in requirements for certification by the State or District shall cause this section to be renegotiated.

1. EMT-Intermediates: All personnel maintaining current EMT-Intermediate certification in the State of Nevada shall receive compensation equivalent to 3% of base pay, included in each bi-weekly payroll

2. Paramedics: All personnel maintaining current Paramedic/EMT-Advanced certification in the State of Nevada shall receive compensation equivalent to 6% of base pay, included in each bi-weekly payroll.

ARTICLE 43 – TRAINING COURSES AND SEMINARS

Employees will be reimbursed for seminars and training programs pursuant to the following:

A. To be eligible for reimbursement, the seminar or training program must be approved fourteen (14) days in advance by the Fire Chief or his designee. If the training request is submitted less than fourteen days in advance, the Fire Chief or his designee has the authority to approve the training reimbursement request.

B. The training program must be directly related to improving the employees' proficiency in performing the assigned duties of their current position with the Truckee Meadows Fire Protection District; or otherwise directly related to the employees' career advancement within the Truckee Meadows Fire Protection District.

C. The employee shall, prior to enrollment in any seminar or training program for which reimbursement is sought, provide information to the Fire Chief. Effective July 1, 2016 the reimbursable amount shall increase to seven hundred and fifty dollars (750.00).

D. Reimbursable expenses shall include the following; any fees for seminars or training programs, reasonable costs for required course materials, lodging, meals, and transportation. The employee shall pay all of the above costs in advance. Upon completion of the seminar or training program, the employee shall submit proof of satisfactory completion of the seminar or training or other evidence of attendance and detailed receipts of all costs incurred. Upon approval of the Fire Chief, the employee shall be reimbursed for costs up to five hundred (\$500.00) dollars, unless otherwise approved by the Fire Chief or his designee. Effective July 1, 2016 the reimbursable amount shall increase to seven hundred and fifty dollars (750.00).

E. Costs for classes or training that are required to maintain an employee's current job classification will not be counted toward the five hundred dollar (\$500.00) annual allotment. Effective July 1, 2016 the annual allotment shall increase to seven hundred and fifty dollars (750.00).

F. All new hire employees will be required to receive no less than 80 hours of training related to all applicable job functions of that employee's classification prior to being made eligible to respond to emergency calls.

G. Minimum training requirements of all firefighters eligible to respond to emergency calls within the District shall include the following:

1. All firefighters will maintain valid certification as a NV Firefighter II (or equivalent if changes are made to certification requirements after the agreement of this contract) in order to respond to any type of fire related incident.
2. All firefighters must maintain a current "red card" in order to be eligible for response to wildland fire incidents. Qualified personnel shall be issued a red card upon satisfactory completion of their annual physical.
3. All personnel who respond to medical incidents within the District shall maintain no less than an EMT-B certification.
4. All personnel shall receive a minimum of 240 hours of annual documented training in areas that comply with NFPA, ISO, and OSHA guidelines in addition to position specific training above the firefighter level.

ARTICLE 44 – REIMBURSEMENT FOR MILEAGE

Retrieving personal equipment from his regularly assigned duty station is not to be considered hours worked.

ARTICLE 45 – CLOTHING ALLOWANCE

A. Each employee shall receive a clothing or uniform allowance in the amount of \$1,000.00 annually, payable in two (2) equal semi-annual installments on the first payday in July and the first payday in January.

B. Both parties further agree that a special emphasis will be placed on a "one uniform" concept. Any uniform changes are to be discussed between the Union and the District and must be mutually agreed on before being implemented.

C. In the event of a uniform change, all Fire District members who are required to wear a uniform will, within a one (1) year period from the effective date of the change, convert to the new type uniform.

ARTICLE 46 – RELIEF AT INCIDENT

It is the intent and desire of the District and the Union to avoid accidents and injuries on the emergency scene. Therefore, when an emergency incident requires the provision of

proper relief personnel, facilities, and/or equipment (i.e. food, sanitation, and shelter), the District shall make reasonable efforts to obtain same to facilitate a safe and effective environment for those employees involved.

ARTICLE 47 – DISCIPLINE/DISCHARGE

A. The District shall not reprimand, demote, suspend, or discharge an employee without just cause. The term “just cause” includes the concept of progressive discipline, where appropriate. Progressive and corrective disciplinary action is designed to provide a fair and structured way for Employees to improve their job performance and/or behavior which do not meet the standards or demands of their position and to provide a system for fair and equitable treatment of those Employees who will not or cannot bring their performance up to expected standards.

1. It is the policy of the District, through a progressive and corrective discipline system, to give Employees an opportunity to improve their job performance and/or behavior which does not meet the standards or demands of their position. An Employee may be summarily dismissed only in the event of gross misconduct. The goal of the progressive and corrective discipline system is to correct or improve unsatisfactory performance/behavior and the measures utilized will be commensurate with the deficiency to be corrected.

2. Progressive and corrective disciplinary action may begin at any of the steps defined below, depending on the seriousness of the offense committed, the frequency of occurrence, or the cumulative effect of multiple minor infractions. Verbal warnings or written reprimands may be administered by the employee’s immediate supervisor, or the Fire Chief. A demotion, suspension or discharge shall be administered by the Fire Chief.

a. Verbal Warning/Reprimand - A verbal warning or reprimand is given to the Employee for the first occurrence of a minor offense.

b. Written Warning/Reprimand - A written or formal warning is given to the Employee in the first instance of more serious offenses or after repeated instances of minor offenses. The warning states the nature of the offense and specifies any future disciplinary action which may be taken against the Employee if the offense is repeated. A copy of the written warning is placed in the Employee’s personnel file, but it is removed eighteen (18) months following the date on which it was given if the intervening service has been satisfactory. The Employee is required to read and sign the formal warning and has the right to appeal if the Employee thinks the warning is unjustified.

c. Suspension Without pay –

i. If, despite previous warnings, an Employee fails to reach the required standards in the specified time frame, the Employee may be suspended without pay. An employee may be suspended without pay without prior infractions for serious offenses. Under suspension, the Employee is barred from working for a period of time and his/her salary is docked

accordingly. Suspension without pay actions could range from one (1) to five (5) shifts for line personnel and one (1) to ten (10) work days for eight (8) or ten (10) hour personnel.

ii. An Employee may also be placed on suspension without pay pending discharge. A decision to suspend pending discharge is made based on the reasons for the discharge and is generally utilized when the Employee is suspected of gross misconduct or when his/her continued presence during the investigation period would be a disruption to normal District business.

iii. If the Employee is found to have been suspended inappropriately, pay and benefits for the period of suspension will be reinstated (except that if insurance has lapsed, coverage for time passed cannot be reinstated).

d. Discharge - An Employee who fails to correct unsatisfactory performance/behavior during previous steps in the progressive discipline procedure will be discharged. In the case of a serious infraction (gross misconduct), an Employee may be summarily discharged without benefit of the progressive and corrective discipline's sequence of lesser actions.

e. Notice of Intent - Before taking action to discharge, demote or suspend an Employee having permanent status, i.e., Employees who have successfully completed an initial probationary period of twelve months, the District shall serve on the Employee and the Union, (unless the Employee requests in writing that the Union not be notified), either personally or by certified mail, a "Notice of Intent" which shall contain the following:

1. A statement of the District's intention.
2. A statement of the cause or causes upon which the action is based.
3. A statement that the Employee may review and shall receive upon request, copies of material upon which the action is based.
4. A statement that the Employee has seven (7) calendar days to respond to the charges, either orally or in writing.

The Employee or the Union, upon whom "Notice of Intent" has been served, shall have seven (7) calendar days to respond or protest to the District either orally or in writing before the proposed action may be taken.

B. Protest of Action:

1. The Union may protest any disciplinary action taken under this article which shall be an appeal considered and processed in accordance with Article 59 (Grievance Procedure), commencing at step 3, except as provided below.

2. A rejection of an Employee during a probationary period is not considered disciplinary action. Probationary Employees who are rejected during their initial probationary period are not subject to the grievance procedure.

3. An Employee who is promoted and subsequently rejected during his promotional probationary period shall be returned to the lower classification from which he was promoted.

C. For the purpose of this article employee is representative of those non-supervisory, supervisory, and emergency support personnel covered under Article 3 of this CBA.

D. The parties recognize for the purpose of progressive discipline, nothing shall be used against an employee in a demotion, suspension or discharge action unless the employee has been notified in writing. In the event that there has been such notification, written reprimands shall not be used against an employee if it has been in the employee's file for a period of eighteen (18) months, discounting periods of leaves of absence, provided that there has been no notification for the same or similar conduct during that eighteen (18) month period. This eighteen (18) month limitation does not apply 1) to any discipline rising to the level of a suspension or demotion, or 2) to any disciplinary action taken against an employee arising out of a matter covered under Title VII of the Civil Rights Act of 1964. The purpose of the second exception is to allow consideration of both the seriousness of the employee's proven offense and the record of the employee with the County in determining the degree of discipline administered, given the County's specific legal obligations under Title VII.

Upon written request of an employee to the Fire Chief, disciplinary material that has been in the employee's file for a period of eighteen months may be removed from the employee's personnel file at the discretion of the Chief, excluding those materials relating to Title VII referred to in Section D above.

E. Disciplinary materials removed from an employee's personnel file shall be maintained by the Human Resources Department as historical records of discipline imposed and for the purpose of providing a defense in any future employment litigation involving the District.

ARTICLE 48 – GRIEVANCE PROCEDURE

I. GENERAL

A. Definitions

1. Grievance: A grievance is a disagreement between an individual, or the Union, and the Employer concerning interpretation, application, or enforcement of the terms of this Agreement.

2. Grievant:

(a) A District employee who is covered by the provisions of this Agreement and who is adversely affected by the matter being grieved, or the Union on behalf of an employee(s).

(b) The Union may file a grievance alleging a violation of the provisions of this Agreement on matters impacting the bargaining unit, as a whole, such as conflicting interpretations of contractual provisions.

(c) An employee covered by the terms of this Agreement is not precluded from acting for himself with respect to any condition of his employment, but any action taken on a request or in adjustment of a grievance shall be consistent with the terms of this Agreement.

3. Day: For purposes of this procedure, a day is defined as a calendar day.

II. PROCEDURE

A. Informal: The aggrieved employee shall take up the grievance with his immediate supervisor and/or Battalion Chief within fourteen (14) days of its occurrence. The Battalion Chief shall attempt to adjust the matter at the time.

B. If the decision of the Battalion Chief does not resolve the grievance, the Union shall proceed as follows:

Step 1: Within fourteen (14) days of knowledge of the occurrence, the Union may submit a signed written grievance to the Fire Chief. Within five (5) days from the date the written grievance is received, the Fire Chief shall schedule a meeting with the Union to review and discuss the grievance for attempted resolution. The above may occur with or without the presence of the grievant. If the grievance is not settled, the Fire Chief shall respond in writing to the grievance within five (5) days of the date the meeting was conducted.

Step 2: Within ten (10) days following failure to settle the grievance under Step 1, the Union may submit it to the Washoe County Labor Relations Manager. Within five (5) days from the date the written grievance is received, the Washoe County Labor Relations Manager or his/her designee shall schedule a meeting with the Union to review and discuss the grievance for attempted resolution. If the grievance is not resolved, the Labor Relations Manager shall provide a written response to the grievance.

Step 3: Within ten (10) days following failure to settle the grievance under Step 2, the Union may submit it to arbitration.

C. The Arbitrator shall be selected in the manner prescribed by the Voluntary Labor Arbitration rule of the American Arbitration Association. The arbitration shall be conducted under the rules of the American Arbitration Association. The list of arbitrators, seven (7) names, may be obtained from the American Arbitration Association Fresno office. The parties shall select the arbitrator from the list by alternately striking one name until the name of only one arbitrator remains, which will be the arbitrator to hear the dispute. For the first grievance hearing the Union shall strike the first name. From that point forward, the parties shall alternate striking first. With the mutual consent of the parties, expedited arbitration may be used.

D. The findings of this Arbitrator shall be final and binding on all parties concerned.

E. The costs of arbitration shall be borne as follows:

1. The expenses, wages, and other compensation of any witness called before the arbitrator shall be borne by the party calling such witness. Other expenses incurred such as professional services, consultations, preparation of briefs, and data to be presented to the Arbitrator shall be borne separately by the respective parties.

2. The Arbitrator's fees and expenses, and the cost of any hearing room, shall be borne equally by both parties to the arbitration.
3. If either party requests a court reporter, the requesting party will pay the costs of the reporter. If the record is transcribed, the requesting party will pay the transcription costs unless mutually agreed to share the cost. Any other party desiring a copy will pay for the copy. If the Arbitrator requires a reporter and transcript, the parties will share the cost equally.

F. Failure to Act: If the management response to a grievant at any level of the procedure is not appealed within the prescribed time limits, said grievance shall be considered settled on the basis of the last answer provided and there shall be no further appeal, review, or re-submission of said grievance. Should management not respond within the prescribed time limits, the grievance shall proceed to the next level.

G. Waiver of Time Limits: Any of the time limits contained in this procedure may be waived upon the mutual written agreement of both parties, except that the waiver of any of the time limits contained in Step 1 of this procedure can only be agreed to on the part of the District by the Fire Chief or his Chief Deputy.

H. Settlement of Grievance Outside of Arbitration: The District shall accept no grievance settled by an employee in a classification represented by the International Association of Fire Fighters (I.A.F.F.), Local 3895, unless said employee has received the concurrence of the Fire Chief or his Chief Deputy on the settlement.

ARTICLE 49 – REDUCTION IN FORCE

District retains the right described in NRS 288.150(3)(b) to reduce in force or layoff any employee because of a lack of work or lack of money, as determined by the District, subject to the procedures described in this article.

In the case of a personnel reduction and/or a reduction of services, due to the lack of work or lack of money, the employee with the least seniority shall be laid off first. All reduction in force shall be established by seniority in the Department. Departmental seniority shall be established from Article 50. Employees shall be recalled in the order of their seniority. No new employee shall be hired until all laid-off employees have been given opportunity to return to work.

1. The District shall notify the Union of the need to reduce the number of employees who are on payroll within the bargaining unit at least ninety (90) days before the effective date of a layoff. Such notice shall be given in writing addressed to the Union by certified mail. The notice shall disclose the number of positions affected, the rank or classification of each position so affected, and the division or divisions, if any, which are to be affected. Immediately after issuing the notice, the District shall give the Union a reasonable period of time, of no less than thirty (30) days, within which it shall meet and negotiate. The District shall respond to any proposals, which the Union may make in response to the subject matter of notice.

2. Each employee who is to be reduced in rank or laid off as a consequence of a reduction in force or the disbandment of any division shall be given written notice, at least sixty (60) days before such action is to occur, of the date, purpose and nature of the action that is to be taken with regard to him or her. The notice shall state the reasons for the action, and any rights, which the employee may have under the Department Policies and Procedures or this agreement with regard to his or her employment. A copy of the notice also shall be delivered to the Union.
3. In the event that a reduction in force results in the need for a redistribution of employees from superior ranks to lesser ranks, such reductions in ranks shall be accomplished by reducing in rank those employees with the least tenure in the affected rank counting from the employee's date of promotion.
4. An employee who is laid off shall be paid for all accrued time in accordance with this agreement.
5. All employees who are reduced in rank or laid off shall not suffer any loss in benefit or entitlement accrued proper to the date of the action, e.g., holidays, vacation, personal leave, pension, and overtime, earned, accumulated and unused at the time of reduction in rank or layoff.
6. Each employee who is bumped out of rank or classification shall, in turn, be reduced only one rank, to the rank or classification immediately junior. This shall not pertain to layoffs, which shall be consistent with District seniority rights.
7. The employee shall receive the maximum salary for the lower grade. If the current salary is less than the maximum of the lower grade, the employee shall receive the closest salary rate of the lower grade.
8. No employee shall be promoted in a class where a demotion occurred due to a Reduction in Force until those who were demoted are offered positions in that Class.
9. For the purpose of this article, employee is representative of those non-supervisory, supervisory, and emergency support personnel covered under Article 2 of this agreement.
10. In the event the District determines that it will offer employees incentives for voluntary, early separations of service or retirement, the District shall establish the criteria for eligibility and the amount of such incentive. Employees who elect to accept such offers may accept the incentive as a lump sum payment, and/or apply the incentive towards PERS credit purchases.
11. In the event a management level position such as Battalion Chief or other position outside of the positions represented by Local 3895 is eliminated and results in a layoff of those personnel, the affected person shall have the right to return to his/her previously held position provided they were promoted out of Local 3895 and not hired from the outside. Upon returning to said position, the class seniority shall be set at the same amount of time that existed upon last

occupying such position. Any seniority that was accumulated in a management level position shall be excluded from the class seniority for the re-occupied position. In no event shall this provision be utilized to circumvent a disciplinary demotion or voluntary demotion.

ARTICLE 50 – SENIORITY

A. Seniority Defined
