### **Hidden Valley Fire Station Update:**

The project will be submitted for the SUP in May 2019 for consideration by the Board of Adjustments in July. The design team has nearly completed the design work on the residence and once we obtain approval, work on the residence will begin straight away.

### **New Apparatus Delivery:**

The District has put into service two new 3000 gallon water tenders. The first water tender has been placed into service at Eastlake Station in Washoe Valley. Two new structural engines have arrived and will be ready for service in about 45 days.
